AGENCY: Environmental Protection Agency (EPA)

ACTION: Notice of Proposed Administrative Penalty Assessments and Opportunity to Comment

SUMMARY: EPA is providing notice of proposed administrative penalty assessments for alleged violations of the Clean Water Act. EPA is also providing notice of opportunity to comment on the proposed penalty assessments.

Under 33 U.S.C. §1319(g), EPA is authorized to issue an order assessing civil penalty for various violations of the Act. EPA may issue such order after the commencement of a Class I and/or Class II penalty proceeding. EPA provides public notice of the proposed assessments pursuant to 33 U.S.C. §1319(g)(4)(a).

Class II proceedings are conducted under EPA's Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties or the Revocation and Suspension of Permits (CROP), pursuant to 40 CFR Part 22. Section 22.13(b) of the CROP sets forth procedures for simultaneous commencement and conclusion of administrative civil penalty assessment proceedings where the parties agree to settlement of one or more causes of action. This is accomplished through issuance of a consent agreement and final order pursuant to Sections 22.18(b)(2) and 22.18(b)(3) of the CROP. The subject penalty assessment noticed herein follows the procedures set forth in Section 22.13(b).

The procedures by which the public may submit written comments on a Class II penalty assessment or participate in a Class II penalty proceeding are set forth in Section 22.45(c) of the CROP. The deadline for submitting comments on a proposed Class II penalty assessment is thirty (30) days after issuance of the public notice.
